TRAINING

Alchemer University: Integrated Digital Learning

Alchemer University makes it easier for you to learn how to maximize your investment in Alchemer. The digital learning system is integrated with the Alchemer product to accelerate learning, which means project goals can be met faster. Alchemer University offers outcomes-based training options focused on your project goals – self-paced learning at your convenience, customized live virtual or on-site training for your team, or group Ultimate Training.

We integrated Alchemer University into the application, so there is no need to remember a separate website, login name, and password. Just click the Alchemer University link within the app.

START WITH BEGINNING ESSENTIALS

Already voted the most implementable solution in the enterprise space on G2.com, Alchemer now becomes even easier to use and faster to go live (the solution is currently 39-percent faster to go live and shows a 17-percent faster ROI than the industry average according to G2). The self-paced course gives users everything they need to create surveys that get the responses an enterprise needs.

To help get you acquainted with the basics of Alchemer, the Beginning Essentials Program includes:

- Course 1: SurveyGizmo Application Tour
- Course 2: Creating a Project
- Course 3: Basic Question Types
- Course 4: Basic Actions
- Course 5: Basic Logic
- Course 6: Basic Style
- Course 7: Test Your Survey
- Course 8: Distribution
- Course 9: Basic Results
